

Life Group Meeting

That We May Be One - Apostles' Creed

Get to Know You Question:

How familiar are you with the Apostles' Creed?

Into the Bible:

Have someone read the Apostles' Creed.

- What images of God come to mind when you think of “God, the maker of heaven and earth”?

- Is it hard for you to think of God being both the Creator of everything and also being in an intimate relationship with you?

- How does God being your Creator influence your relationship with God?
 - How does it influence how you see yourself?.

Going Deeper:

Read Genesis 1

- Looking at how God created everything. What do you notice about how God created?

- When God made everything, God gave creation power to live freely, to be independent agents. What does it say about God that God shares control over creation?

- In giving us freedom and agency, God invites us to join in shaping and impacting creation alongside God. What does it mean to join the God who made heaven and earth in shaping creation?
 - How is God inviting you to shape creation?
